Note: This check sheet has been modified to highlight courses available at IUPUC. In some areas, additional course options are available at IUPUI.

Required: 122 completed credit hours that count toward degree.

A cumulative GPA of "C" (2.0) or higher and 122 credit hours are required for the degree; 30 credits must be at the 300-400 level. At least 26 credit hours must be completed after admission to the Division of Liberal Arts and at least 12 credit hours of major coursework must be completed in residence in the appropriate department.

Do not count courses that do not count toward degree:

In the cases where one course fulfills multiple requirements, the credits count only one time. Ex. If HIST H108 counts in History and also in Comparative World Cultures, it still only counts for a total of 3 credit hours.

You are responsible for reviewing the bulletin, asking questions to clarify requirements, and tracking your own progress toward graduation using the Academic Advisement Report in One-Start.

1 Waived for transfer students with 16 or more credit hours
2 First-year competency in a foreign language required. ASL counts.
3 Appears in multiple areas; may only be used to satisfy requirements in one area.
