Policy: 

Undergraduate and graduate students are responsible for all financial costs of health/medical care related to or resulting from injury or accidents while engaged in course related experiences. These experiences may occur in the classroom, learning laboratory, or practice setting. Therefore, all undergraduate and graduate students are required to carry health insurance while enrolled in nursing courses. Students will not be allowed to participate in nursing course experience without adequate documentation of current health insurance.

Procedure:

1. The Center for Academic Affairs on the IUPUI campus is responsible for annually documenting the status of currency for each student enrolled.

2. The Office of the Assistant Dean of Nursing on the IUB campus is responsible for annually documenting the status of currency for each student enrolled.

3. The Office of the Director of Nursing on the IUPUC campus is responsible for annually documenting the status of currency for each student enrolled. The coordinator will work in conjunction with the IUPUI campus in accomplishing this activity.

4. Students who are unable to document currency of insurance coverage will not be allowed to continue their participation in course activities until they are able to submit valid documentation. Students will be made aware that this interruption of studies may result in the need to withdraw from course work in progress.
5. Students found not to be in compliance with this policy, will be check-listed by the school of nursing and prevented from further course enrollment until this issue has been satisfactorily addressed.
