## Area II  Foreign Language

**Bachelor of Science Degree**: No foreign language required.
**Bachelor of Arts Degree**: First year proficiency in a foreign language is required. This requirement may be met by (1) completing a first year sequence (8-10 credit hours) in a single language with a passing grade; (2) completing a second-year or third-year course with a grade of C or higher; or (3) taking a placement test and placing into the 200 level or higher. American Sign Language (ASL) may be taken to meet this requirement.

## Area IIIA  Humanities/ Social Sciences/Comparative World Cultures

Four courses totaling 12 credit hours are required. Choose one course from List H; one course from List S; and one course from List C. HIST H109 or H114 is required for all students.

- Religious Studies (REL)
  - R133 Introduction to Religion
  - R212 Comparative Religions

*Additional course selections in these disciplines can be found in the IUPUI Bulletin. Note: Some courses may appear on more than one of the lists. A cross-listed course may apply to only one of the required areas specified by the lists.

Revised October 2013
Area IIIC  Physical and Biological Sciences

A minimum of 4 courses totaling a minimum of 12 credit hours. At least one of the courses must be a laboratory course. Students must obtain grades of C- or higher in Area IIIC courses; a grade of D+ or D will be allowed for one course only. These courses cannot be used to fulfill this requirement: BIOL N100, N200, CHEM C100, GEOL G130, PHYS 10000, 20000; all agriculture courses.

Choose from: Astronomy, Biology, Chemistry, Geology, and Physics. For Bachelor of Science students, 2 of the 4 courses must be biology and/or chemistry courses. Recommended sequences include: CHEM C101-110 or CHEM C105-106, or BIOL N212-213 and N214-215.

Area IID  Mathematics and Computer Science

One course of at least 3 credit hours in mathematics is required for the Bachelor of Arts Degree. At least two courses beyond algebra and trigonometry, totaling a minimum of 6 credit hours, are required for the Bachelor of Science Degree. One course in computer science is required for each degree. Students must obtain grades of C- or higher in their Area IID courses; a grade of D+ or D will be allowed for one course only.

CSCI N207  Data Analysis Using Spreadsheets 3 cr __

Math (BA): Choose one course from: MATH M118, M119, 153, 154, 159, or 163. MATH 153, 154, and 159 may be used only for the Bachelor of Arts. 3 cr __

Math (BS) Choose two courses from: MATH M118, M119, or 163. 6 cr ___

Area IV  Psychology Requirements

The psychology major requires 40 credit hours of selected course work. Students may wish to consult with a psychology faculty advisor to select courses appropriate to their future career plans. No grade lower than a "C-" will be accepted in any course used to fulfill the major requirements.

Introductory Psychology

PSY B103  Orientation to Major in Psych 1 cr ___
PSY B104  Psychology as a Social Science 3 cr ___
PSY B105  Psychology as a Biol. Science 3 cr ___

Research Methods

PSY B305  Statistics 3 cr ___
PSY B311  Introductory Lab in Psychology 3 cr ___

Psychology Electives or Specialization

Any two 3 credit hour, upper-level (300 or above) psychology courses.
