Proposed Changes/Questions to Student Organizations Fund Guidelines

1. Should be titled Student Organizations Fund “Policy”

2. Title II. Section 4.6
   a. Concerns with “SOF funding is not intended for activities that are academic in nature.”
   b. How do we deal with Honor Societies and academic events (i.e., SpeakEasy)?

3. Title IV. Section 1.
   a. Serious problem with the lack of an appeals process
   b. Would suggest 7 business days to make an appeal – but not sure to what kind of body (i.e., Student Government, outside board, Gary, etc.)

4. Title IV. Section 1.
   a. Concerned that five days from the close of a program is not a reasonable amount of time to get receipts turned in
      i. Can this time frame be extended?

5. Title VI. Section 4.
   a. Quorum currently reads as a minimum of five voting members – what percent of the overall governing body does this represent?
   b. Further, the composition of Student Government needs to be more clearly outlined
      i. How many representatives from each division?

6. Title VII. Section 1.
   a. Concerns with “Nonetheless, ultimate authority over these guidelines rests with the Director of Student Services, who may change the document at any time.”
      i. What role does the Student Government have?
      ii. Students need to be able to vote on changes made to this document.
