
To comply with state requirements, we are proposing to reduce the total number of credit hours required for graduation with a B.A. or B.S. in Psychology from 124 to 120. We propose to reduce the number of general elective credits from 33 to 29 to achieve this overall reduction in credit hours.

This change would be effective for Bulletin Year 2013-2014 and later. However, any current student who wishes to have graduation requirements based upon the new requirements, rather than their original bulletin year (which requires 124 credit hours), may do so.
